Be With You

TITLE: Be With You 1/1

> AUTHOR: Angela (And Caro with a cattle prod)
 DISCLAIMER: GLay owns the Song - Be With You - and someone owns Digimon

> DEDICATION: To Erica-san, for getting me addicted to Glay, and Caro-chan, for
 getting me addicted to Digimon.

>
 This can kinda go with my other Digimon fic, but it doesn't matter.

> -----

> That I could meet you... and mixed-up happiness
 Before me is there the bound line

> Our future seems to be near but an endlessly long way
 Happiness is, perhaps, unintentional

> Satisfied, time hides its face
 Neither being able to afford to look back,

> Nor turning to peace of mind
 Longing for the strength to live out

> Let me stay here a little more

>
 Matt, you don't see it. Sometimes I just want to take Joe's glasses for you,

> so you can see beyond the blurred edges.

> What blurs your vision? Is it the tears I always see you holding back, when
 you have every right to cry them?

>
 Why can't you cry?

>
 It doesn't matter now, you're just starting to see.

>
 I don't want to leave here, because when we get home I'll lose you.

>

> When I was nearly buried in the throng
 'Cause some dreams got blurred and I could not convey my timid heart-pounding

> -----

> What will happen then? We can't keep this up, as a secret, it won't

work.

> I'm not ashamed of you, so why do we have to hide it? There's nothign wrong
 with love.

>
 Unless that isn't how it is. Am I mistaken?

>

> That I could meet you Things we can believe
 Touched by each of them

> On the unobstructed way leading to you
 Now I hope to send you my love in bundles

> -----

> At first I thought I could love you enough for the both of us. But you don't
 want my love.

>
 You won't let me show it, you don't want other people to know.

>
 Are you that ashamed of me?

>

> When I feel the joy of loving you and the sparkle of life like wrapping the
 pain

> Thinking tenderly of the frailty that nobody can live out his life all by
 himself

> I held the hand

>
 I remember the first time I tried. We had just found TK again, and you were

> all but crying, you were so happy.

> I began to wonder if you'd ever feel that way for me, if I ever got lost.

> I grabbed at your hand, hoping you'd reassure me, for once.

> You just glared at me.

> Why?

> -----
 On the days when things don't go as I hope,

> I find myself losing a tender heart
 Yes, it's still on the half way of my dream

> Saying to myself so, I got to sleep

>
 I don't know what to do. I can't let you go, but if you don't want to stay I

> can't force you.

> It's up to you, which is my greatest fear.

> You're content to live alone, to hide the pain.

> You can't do that anymore.

> -----
 If we begin to doubt, it'll be no bounds

> So from sometime hard to speak our minds, we came to keep silent

>
 When do we even talk? I can't touch you, I can't speak to you.

>
 When did you rebuild those walls? The walls I though I had knocked down,

> with carefully placed love.

> -----
 How far should we go ? Just in the forest of illusion...

> Just keep runnning there,
 Still have I things that I can't budge

> On those who hate the never-healed times
 Without saying a word Ah

>
 Beyond the sinking sun

> I wanna guard you forever
 'Cause the blue of memories, I can't hold back my tears

> -----

> I cried that night, when I told you I loved you. You just looked at
me, and
 then walked away.
>
 Why?
>
 I need to protect you, to lessen your pain.
>
 I want to destroy the walls you built for protection.
>

> That I could meet you The mixed-up happiness
 From now on, only
you & me, with heart to heart each other
> On the unobstructed way leading to you
 Bundling the loves
now...
> And I wanna be your love
